43. Proposed RI Committee Structure for 2013–14

Statement: Rotary Code of Policies section 30.040.4. requests the president-elect to submit the proposed RI committee structure for the following Rotary year to the Board for review at its second meeting.

DECISION: The Board thanks President-elect Burton for the review of his recommendations for RI Committees in 2013–14.
44. General Secretary Review Committee

Statement: The Board, in decision 196, May 2011, established a General Secretary Review Committee to meet twice each calendar year to evaluate the general secretary’s performance. The Board’s Executive Committee noted that under the RI Bylaws, the Executive Committee is to annually review the general secretary’s performance. The committee suggested that it is redundant to have two committees reviewing the general secretary’s performance.

DECISION: The Board

1. notes that the role of the General Secretary Review Committee overlaps with the responsibility of the Board’s Executive Committee under the RI Bylaws to evaluate the performance of the general secretary;

2. notes further that having two committees review the performance of the general secretary is an ineffective use of the organization’s resources;

3. therefore rescinds its decision 196, May 2011, creating a General Secretary Review Committee, thereby deleting section 31.010.7. of the Rotary Code of Policies, and confirms that the Executive Committee, in accordance with RI Bylaws section 5.070., “shall evaluate the performance of the general secretary at least annually and shall report its findings to the Board.”;

4. amends the terms of reference of the Executive Committee as follows:

30.060.5. Terms of Reference for the Executive Committee
The Board, in accordance with the RI Bylaws, has prescribed the following terms of reference under which the Executive Committee shall function:

   [text omitted]

f) evaluate the performance of the general secretary at least annually and report its findings to the board;

The Executive Committee will conduct its annual evaluation of the general secretary at an in-person meeting before the last Board meeting of the year. The following steps will be taken in the evaluation process:

1. No later than 30 days prior to the last Board meeting of the Rotary year, the general secretary will present to the RI president and chair of the Executive Committee a written summary of the key performance indicators (KPIs) that were established for the year and an analysis of the progress that has been made on each of the KPIs.

2. The chair of the Executive Committee will provide a copy of the general secretary’s report to all members of the Executive Committee and to the chair of The Rotary Foundation. The chair of the Executive Committee will request that any comments be sent to him or her no later than 15 days prior to the Board meeting.

3. At its meeting before the last Board meeting, the Executive Committee will meet with the general secretary to conduct its annual review. Following this meeting, a written report of the Committee’s findings will be submitted to the full Board and to the general secretary. The members of the following year’s Executive Committee may be invited to attend this meeting as observers. As part of its annual review, the Executive Committee will review and evaluate the compensation of the general secretary, and will approve any adjustments, including any bonuses, that it is authorized to make under general secretary’s employment contract. Any adjustments or modifications to compensation or benefits for the general secretary outside of the employment contract must be approved by the Board.

4. After the meeting of the current year’s Executive Committee, the following year’s Executive Committee shall meet with the general secretary to review proposed KPIs for the succeeding year.

5. After the meeting of the following year’s Executive Committee, the incoming chair of the Executive Committee should provide a copy of the proposed general secretary KPIs to the Board for review and approval at the first Board meeting of the succeeding year. A copy of the KPIs should also be provided to the incoming Trustee chair.
5. notes that eliminating the General Secretary Review Committee will result in annual cost savings to RI of approximately US$22,000.

45. General Secretary Key Performance Indicators

Statement: The general secretary, in coordination with the General Secretary Review Committee, developed five key performance indicators (KPIs) for 2012–13. The Board’s Executive Committee also reviewed the KPIs and recommended their approval to the Board.

46. General Secretary Review Committee Report

Statement: The General Secretary Review Committee met on 8 August 2012 in Evanston, Illinois, USA and discussed the process for evaluating the general secretary, the 2011–12 key performance indicators (KPIs) for the position, and the KPIs for 2012–13, among other topics.

DECISION: The Board receives the General Secretary Review Committee’s report.

47. Election of Foundation Trustees

Note: Director Jagger requested that his negative vote be recorded.

49. Election Review Committee Report

Statement: The general secretary received four election complaints since the Board’s May 2012 meeting. In accordance with Board policy, the Election Review Committee reviewed these complaints and made its recommendations to the Board.

DECISION: The Board

1. receives the complaint of the Rotary Club of Mersin, Turkey, concerning the election of the 2014–15 governor of District 2430 and
   a. notes with concern the allegations that Past Governor Ismail Kahyaoglu attempted to influence the outcome of the vote, reaffirms that all forms of campaigning, canvassing, and electioneering during leadership selection procedures are contrary to the principles of Rotary, and requests the leadership of District 2430 to ensure that this is understood throughout the district;
   b. finds insufficient evidence of campaigning, canvassing, or electioneering during this election and affirms the selection of Rotarian Korhan Attila, of the Rotary Club of Ankara-Tandogan, as the governor of District 2430 in 2014-15;

2. receives the complaints of the Rotary Clubs of Islamabad Downtown and Lahore Sharqi, concerning the election of the 2014–15 governor of District 3272 and
   a. finds sufficient evidence that an incorrect number of the votes were allowed to some clubs in the district and upholds the sections of the complaints relating to the number of votes allowed per club and notes that the governor was negligent in this regard;
b. voids the results of the election and requests the governor of District 3272 to conduct a mail ballot between Rotarians Faiza Qamar and Mansoor Ul Haq;

c. further requests the general secretary to provide the governor with the correct number of votes allowed each club in the district;

d. dismisses the remaining allegations in the complaints;

3. receives the complaint of the Rotary Club of Busan-Daeyang concerning the election of the 2014–15 governor of District 3661 and

a. notes the allegation that past governor Kyun Kim paid the district levy on behalf of up to 29 clubs so that they could be represented at the nominating committee meeting;

b. does not find that this action violates the RI Bylaws or Rotary Code of Policies;

c. does not find any evidence of electoral fraud as alleged in the complaint;

d. therefore dismisses the complaint and affirms the selection of Rotarian Keun-Chul Lee of the Rotary Club of Busan-Geumjeong, as the governor of District 3661 in 2014–15;

4. receives the complaint of the Rotary Club of Cheongju concerning the election of the 2013–15 RI director from Zone 9 and

a. finds that there is sufficient evidence of violations of RI Bylaws 10.060. (Campaigning, Canvassing, and Electioneering) during the election process to select the 2013–15 RI director from Zone 9 to uphold the complaint of the Rotary Club of Cheongju;

b. therefore invalidates the election process, and requests the general secretary to conduct a ballot-by-mail in accordance with RI Bylaws section 12.030. to select the 2013–15 Director from Zone 9;

c. does not believe that the RI Bylaws violations warrant disqualifying any of the parties involved, and therefore agrees that all four of the candidates originally suggested to the Zone 9 nominating committee shall be eligible to participate in the ballot-by-mail.

50. Status of Litigation

Statement: The general secretary provides a report at each Board meeting regarding ongoing litigation affecting RI.

52. Rotary Rose Parade Float Committee, Inc.

Statement: The Rose Parade is an American celebration held in conjunction with the Rose Bowl college football game on New Year’s Day in Pasadena, California. A group of local Rotarians formed the Rotary Rose Parade Float Committee Inc. (RRPFC) that hosts a Rotary float to participate in the televised parade. The RRPFC has sought various means of support from the Board since its founding. Recently, the Board had made exceptions to the Rotary Code of Policies to allow for paper mailing labels and eventually email addresses to be sent to the committee so they may solicit support from club- and district-level leaders. The RRPFC again requested the Board to provide additional financial support and to grant broader policy exceptions regarding circularization and licensing restrictions.

DECISION: The Board

1. thanks the Rotary Rose Parade Float Committee, Inc. (RRPFC) for its continued work on this fundraising project to promote the work of Rotary International;

2. grants an exception to Rotary Codes of Policies section 11.030.2., regarding the circularization of Rotary clubs, and amends its decisions 157, January 2008, and 164, January 2001, to allow the RRPFC, under revised licensing agreement terms with RI, to:
a. contact district governors in the United States and Canada via telephone and/or email to ask
   i. if they would like to receive a newsletter about the Rose Parade float via email, which they can then use in their district letters or websites;
   ii. if they would be willing to send an email to their clubs asking the clubs for both financial and "word-of-mouth" support for the float;
   iii. what the committee could do better to achieve support in the districts;

b. send the Rotary clubs that donate to the 2012 float “thank you” emails to encourage further donations;

c. contact governors and large club presidents in the United States and Canada attending upcoming RI or Rotary club events, in advance of those events, to organize meetings to discuss donating to the RRPFC by email, telephone, or mail;

3. permits the RRPFC, in its authorized fundraising communications, to include a request to the conveners of Rotarian meetings, such as district conferences, PETS, and Rotary institutes, to allow it to exhibit or to display promotional materials at their meetings;

4. encourages Rotarians in charge of meetings such as district conferences, PETS, and Rotary institutes, to consider allowing the RRPFC to exhibit or to display promotional materials at these meetings at the going rate and in accordance with the standard rules;

5. does not grant an exception to Rotary Code of Policies section 57.120.6., to allow fundraising from any booth granted to the RRPFC at the RI Convention;

6. amends point 2 of its decision 157, January 2008, to grant an exception to RI licensing policy to authorize the general secretary to 1) grant an annual release to the licensed vendor of the Tournament of Roses for the production of an annual, limited-run lapel pin, provided that the pin designs are submitted to RI for review and approval, and 2) allow the RRPFC to sell an annual limited run of lapel pins for fundraising purposes that bear the Rotary emblem and the words “Rotary Rose Parade Float Committee” and the name and date of the event without being licensed by RI, provided that:

   a. this is a one-time exception to RI’s licensing requirements, allowing for the sale of such pins for fundraising purposes, without the necessity of the RRPFC being licensed by RI, and without the imposition of royalty obligations on the proceeds from the sales of the pins;
   b. that proceeds from the sale of the pins are to be used for budget-relieving purposes for the benefit of the annual Rotary Rose Parade float;
   c. any other goods manufactured or sold by must comply with RI’s licensing policies and policies for use of the Rotary Marks;

7. denies the RRPFC’s request to grant it multi-district and multi-country Rotary entity status and agrees therefore that the RRPFC request cannot be considered for a public relations grant;

8. requests the general secretary to update the RRPFC’s license agreement with RI in accordance with this decision, as necessary;

9. requests that the RRPFC continue to comply with the terms of its license agreement and with applicable Board policy.

53. Rotary Hall

Statement: A group of Rotary clubs in Cedar Rapids, Iowa, USA built an indoor/outdoor community market that includes stalls for farmers and food purveyors, and also includes meeting space. The group sought the Board’s approval to allow the market, which will be managed by a non-Rotarian third party, to be named “Rotary Hall.” In reviewing the building’s floor plan, the general secretary noted potential problems with the design’s use of the Rotary Marks.

DECISION: The Board

1. approves the concept of a community market in Cedar Rapids, Iowa, USA to be called “Rotary Hall” and thanks the seven Rotary clubs in the Cedar Rapids area for making this market possible;

2. makes an exception to Rotary Code of Policies section 33.040.13. (Use of Name “Rotary” in Connection with Club Activities), for use of the Rotary trademark in the name “Rotary Hall” by a non-Rotarian third party, the Cedar Rapids City Market, Inc.;

The committee reviewed results of the branding consultant’s research on Rotary’s public perception; it considered recent membership goals data as it pertains to the plan; and reviewed relevant Council on Legislation enactments that may affect the plan.

DECISION: The Board

1. receives the Strategic Planning Committee’s report, including the results of the committee’s recent triennial Rotarian survey, which affirmed strong support for the current plan, but showed a need for continuing efforts to communicate the plan at the club and district level;

2. requests the Strategic Planning Committee to review the Strategic Plan’s current “core values” for recommendation to the Board at its June 2013 meeting;

3. reaffirms its decision 42, November 2009, adopting the current strategic plan for RI and acknowledges that any further modifications to the plan should await completion of the 2013 Council on Legislation together with completion of the initiative to strengthen Rotary’s brand;

4. requests the general secretary to continue ongoing efforts to implement the strategic plan;

56. Vocational Service Recommendations

Statement: In decision 87, September 2011, the Board, after reviewing the Vocational Service Committee Report, requested the Strategic Planning Committee to consider including specific reference to vocational service under each of the three RI Strategic Plan priorities and further requested the committee to consider expanding emphasis on vocational service in the description of RI’s core values. Noting that RI’s brand strengthening initiative is still in process and may ultimately affect the strategic plan priorities and the definition of RI’s core values, the committee suggested it would be more appropriate to consider the Board’s request from decision 87, September 2011, after the branding initiative is complete.

DECISION: The Board

1. notes the Strategic Planning Committee’s recognition of the importance of vocational service and the committee’s agreement with the intent of the Vocational Service Committee’s recommendations that vocational service should continue to be emphasized as an integral part of RI’s strategic planning;
2. notes the Strategic Planning Committee’s decision to consider the Vocational Service Committee’s recommendations after completion of the brand strengthening initiative;

The Strategic Planning Committee noted that this model does not work as well as intended and, therefore, requested the general secretary develop a new model that reflects the plan’s progress in a graphically clear, simple, and concise way.

The Rotary Code of Policies requires proposers of legislation to submit to the Council resumes (to include purpose and effect statements) of each of their items of legislation. Noting that a separate purpose and effect statement is included in the official book of legislation, the committee agreed that this Code requirement is unnecessary.

DECISION: The Board

1. thanks the Council Operations Committee for its report;

2. rescinds Rotary Code of Policies section 59.020.2. as follows:

   59.020.2. Résumés of Proposed Legislation

Full details of the excess expenditure and the circumstances leading thereto shall be reported by the president to all officers of RI within 60 days and to the next convention.

Statement: At the Board’s May 2012 meeting, the general secretary reported that there were several challenges preventing a final decision on a convention venue for the 2016 Seoul convention, that adequate housing remained a concern, and that transportation issues required further study. The Board, in decision 268, May 2012, granted the Seoul Host Organization Committee (HOC) 90 days to decide on a convention venue and to provide RI with a detailed plan to accommodate 50,000 registrants to meet RI’s require-
ments, including how the venue rental will be paid. The Board also agreed in the same decision that if a suitable venue had not been confirmed by the 90-day deadline, the Board would consider alternate cities to host the 2016 convention. The general secretary reported that the Seoul HOC delivered a proposal that meets RI’s criteria and, therefore, recommended that the Board continue with planning for the 2016 convention in Seoul.

**DECISION:** The Board

1. receives the general secretary’s update on the 2016 RI (Seoul) Convention;

The general secretary reported significant concerns with the proposed venue project plan and with the hotel room block and expressed concern that the Durban HOC would not be able to meet the requirements for hosting an RI convention.

**DECISION:** The Board

1. receives the general secretary’s status report on the 2020 RI (Honolulu) Convention;

2. noting that convention center space concerns have been addressed with the addition of a 20,800 square foot tented roof top deck at the Hawaii Convention Center, tentatively selects Honolulu, Hawaii as the site for 2020 RI Convention pending the successful negotiation of the hotel and convention venue contracts, a transportation agreement, a thorough review of the related tax implications, and any other agreements necessary to memorialize the proposal from the host area;

**108. Membership Development Committee and Regional Membership Plans**

*Statement:* The Membership Development and Retention Committee discussed establishing a governance structure to promote and ensure long-term focus, perspective, and approach to membership strategies. The committee further discussed strategies for being more involved in supporting, monitoring, and evaluating the progress of the regional membership plans.

**DECISION:** The Board

1. requests the Membership Development and Retention Committee to foster a longer-term scope and perspective on regional membership strategies, plans, training, implementation, and resources;

2. agrees that to ensure continuity, the committee members should be appointed by the president in cooperation with the president-elect and president-nominee for staggered three-year terms, with the chairman to serve for three consecutive years.

**109. Rotary Coordinator Responsibilities**

*Statement:* The Membership Development and Retention Committee noted that with RI’s shift to a regionally-based membership strategy, Rotary coordinators have been heavily involved in developing their respective areas’ regional membership plans. The committee suggested that the Rotary coordinator official role should be revised to reflect these responsibilities.

**DECISION:** The Board

1. amends the responsibilities of the Rotary coordinator to include the following:
   - communicate and execute the regional membership plans in their regions;
   - monitor and provide feedback on the regional membership plan in their region;

*Statement:* The Membership Development and Retention Committee discussed the importance of RI maintaining contact with former RI program participants such a Rotaractors and Foundation alumni. The committee noted that since these individuals have been involved with Rotary clubs and are familiar with RI’s mission, they would be excellent candidates to join Rotary and to contribute to The Rotary Foundation. The committee suggested that the Board consider developing a database to track this information.

**DECISION:** The Board

1. agrees that it is important to maintain a connection with former RI program participants and Foundation alumni to facilitate possible future membership in RI and contributions to The Rotary Foundation;

2. requests the general secretary to investigate developing a database (from RI’s central membership...
database) to institute a tracking system that will allow for effective and efficient outreach to former RI program participants and Foundation alumni, for report at the Board’s October 2013 meeting.

111. Rotaract Transition Pilot

Statement: At the Board’s September 2011 meeting, the Membership Development and Retention Committee suggested that the Board consider a pilot project to transition Rotaract clubs to Rotary clubs. The Board, in decision 103, September 2011, requested the committee to further study the feasibility of such a pilot project. At the committee’s August 2012 meeting it discussed the importance of RI communication and engagement with Rotaractors as they age out of the program. After extensive debate, and consideration of all the challenges of implementing such a transition, the committee agreed that a Rotaract transition pilot project was not in RI’s best interest at this time. The committee instead suggested that the Board evaluate the needs of 18–35-year-olds involved with Rotary and how RI can better appeal to this group.

DECISION: The Board agrees not to proceed with a pilot program to transition Rotaract clubs to Rotary clubs.

112. Membership Committee Member to Participate in New Generations and Communications Committees

Statement: Noting that the Membership Development and Retention, Communications, and New Generations Committees often review the same policies and address issues that impact and are relevant to each other, the Membership Development and Retention Committee agreed that to improve communications, coordination, and integration between the committees, a member of the Membership Development and Retention Committee could serve as a liaison to the other committees by attending their meetings.

DECISION: The Board

1. in an effort to improve coordination, cooperation and communication between the Communications, New Generations, and the Membership Development and Retention Committees, requests the 2013–14 president to appoint a liaison member from the RI Membership Development and Retention Committee to participate in the meetings of the New Generations Committee and the Communications Committee;

2. requests the general secretary to budget accordingly for this participation in 2013–14.

113. Online Functions for Prospective Members, Relocations, and Referrals

Statement: The Membership Development and Retention Committee noted that the functions on the rotary.org website for prospective members to learn about joining a Rotary club, for existing Rotarians to register their relocation, and for Rotarians to refer potential members to a Rotary club, are all very valuable tools for efficient membership management. The general secretary noted that there are some challenges in how the system currently processes data and that these functions could be greatly improved by being integrated with RI’s main membership database.

DECISION: The Board

1. strongly endorses the continuation of the online prospective member, relocation, and referral functions;

2. requests the general secretary to incorporate an analysis and revision of this process into the Secretariat’s overall project schedule, with potential integration into other Secretariat project initiatives, for report to the Board at its October 2013 meeting.

114. Regional Membership Plans Update

Statement: Noting the significant regional differences in how Rotary clubs around the world handle membership development and retention matters, the Board, in decision 101, September 2011, approved local development of regional membership plans. In decision 283, May 2012, the Board adopted plans submitted for several regions and requested directors in several other regions to convene regional planning teams to develop new plans for review by the Board at this meeting.

DECISION: The Board

1. receives the general secretary’s update on the regional membership plans;

2. looks with favor upon and adopts the plans submitted for Australia, New Zealand and Pacific Islands, Indonesia, the Middle East, Philippines, and Taiwan;
3. requests the directors to continue working with the general secretary to refine their plans and report progress on a quarterly basis.

115. Minimum Membership for Establishing a New Club

**Statement:** In an effort to ensure that new Rotary clubs are strong clubs, the Board, in decision 239, June 2010, increased the minimum number of charter members to start a new club from 20 to 25. Some directors expressed concern that since this decision, fewer new clubs have been formed, especially in rural communities, and that this higher requirement is hurting overall RI membership.

**DECISION:** The Board, noting the three-year decline in the total number of new clubs formed, amends Rotary Code of Policies section 18.040.5., effective 1 January 2013, as follows:

18.050.5. Minimum Number of Charter Members Beginning 1 January 2011. The minimum number of charter members for a new club shall be 25 20 unless there are special and sufficient reasons for the Board to waive this requirement. At least 50 percent of the charter members shall be from the local community in which the new club is established. In a district where the average size of clubs is 20 members or less, the Board encourages Rotarians to increase the membership in existing clubs in addition to creating new clubs.

116. Recognition Pin for New Member Sponsors

**Statement:** In decision 288, May 2012, the Board approved the development of a new recognition pin for Rotarians who sponsor new members. Past President Banerjee suggested that the Board consider enhancements to the program to include different recognition levels based on the number of new members sponsored.

**DECISION:** The Board

1. thanks Past President Banerjee for his recommended enhancements to the recognition pin program for new member sponsors that the Board approved at its May 2012 meeting;

2. approves the concept of establishing multiple levels of recognition for new member sponsors, with a different pin corresponding to each level, administered through an automated tracking system similar to the Paul Harris Fellows recognition system;

3. requests the general secretary to investigate the full operational impact and costs associated with adopting this initiative for report to the Board at its January 2013 meeting.

117. Rotary Coordinator Responsibilities

**Statement:** The Rotary coordinator program completed its second year on 30 June 2012, helping clubs and districts become stronger, more dynamic, and more effective. The Board has revised and refined the coordinators’ responsibilities during this time to adapt to how the position works best in the districts. Based on Rotary coordinator reports and on input from Rotary senior leaders and district leaders, and also considering RI’s recent focus on membership development and retention, the Board discussed additional amendments to the Rotary coordinator responsibilities.

**DECISION:** The Board amends the Rotary coordinators’ responsibilities as shown in Appendix O.

118. Meeting Frequency Pilot Project Update

**Statement:** At its February 2007 meeting, the Board established a pilot project to explore the effect a club’s meeting frequency has on membership development and other factors, through 30 June 2013. The Board received a report on the pilot project at its January 2012 meeting and requested an update at this meeting. The 158 clubs currently participating in the pilot have reported overwhelmingly that it has had a positive impact on their clubs, with new and existing member retention, membership growth, fundraising, community service, and with donations to the Foundation. However, the general secretary noted that the pilot has not had a discernible impact on membership diversity or in attracting new members.

**DECISION:** The Board receives the Meeting Frequency Pilot Program update.

119. Pilot Projects Benchmark Report

**Statement:** In response to RI Strategic Plan priorities and feedback from Rotarians and prospective members, the Board, in decision 88, November 2010, established three new pilot projects to test new club models that are designed to adapt to the demands of a changing society. The pilot projects are: associate member, corporate member, and innovative and flexible Rotary clubs. In
decision 87 at the same meeting, the Board also approved a satellite club pilot project to assess the impact of allowing clubs to conduct multiple club meetings during a week, each at a different location, day, or time. While most of the participating clubs spent the first year in planning stages, they reported positive results in attracting and retaining members during the clubs’ second year in the pilot project. A majority of pilot clubs showed improvements in gender distribution, and the satellite club pilot in particular showed an increase in the number of younger members. The general secretary noted that clear trends are not yet measurable. Associate membership and satellite clubs show the earliest signs of positive impact and corporate membership has been the most challenging to implement.

**DECISION:** The Board receives the general secretary’s Pilot Projects Benchmark report and requests a further update at its October 2013 meeting.

**120. Districting Committee Report**

**Statement:** At its January 2012 meeting, the Board took several decisions regarding districting issues and requested several districts to take action to reach 1,200 members by 1 July 2012. Those districts that failed to reach this minimum size would either face automatic redistricting as stipulated by the Board or be required to submit their own redistricting plans for review by the Districting Committee. The committee met via webinar in October 2012 to discuss the various proposals it had received. The committee also reviewed districts that had recently fallen below 1,200 members.

**DECISION:** The Board

1. reorganizes the clubs in Districts 4300, 4450, and 4460 (Peru) into two districts, to be known as Districts 4455 and 4465, effective 1 July 2013, as follows:

   4455, PERU—Southern part, regions of Apurímac, Arequipa, Ayacucho, Callao, Cuzco, Huancavelica, Ica, Lima, Madre de Dios, Moquegua, Puno, and Tacna.

2. requests the general secretary to notify the clubs in Districts 4300, 4450, and 4460 of this decision;

3. agrees to grant a one-year exemption from consolidation (expiring 1 July 2014) to District 5670 (USA, Kansas) based on its positive membership growth in the last six months;

4. thanks the leadership in District 1430 (Finland) for sharing its membership growth strategies;

5. agrees to grant a one-year exemption from consolidation (expiring 1 July 2014) to District 7510 (USA, New Jersey, Pennsylvania) based on its positive membership growth in the last six months;

6. noting that the Districting Committee did not receive any reorganization plans for Mexico, and that two of the nine Mexican districts are below 1,200 members and five others are below 1,300 members, grants an exemption to Mexico, and requests Director Smallwood to work with district leaders to submit a plan to reorganize clubs in Mexico into six districts on 1 July 2014, for review at the Board’s June 2013 meeting;

7. congratulates Districts 4680 and 4750 (Brazil) for increasing their respective membership totals to more than 1,200 members and requests the districts share their strategies to increase and retain membership;

8. noting that various reorganization plans have been submitted from Argentina, agrees that time is needed to integrate a successful and unified plan for these districts;

9. requests Director Antiório to work with clubs in Argentina to reach a long-term reorganization plan by 15 December 2012;

10. congratulates Districts 4370 and 4380 (Venezuela) for increasing their respective membership totals to more than 1,200 members and requests the districts to share their strategies to increase and retain membership;

11. notes that Districts 2490 (Israel), 3271 (Pakistan) 3850 (Philippines), 4240 (Nicaragua, Costa Rica, El Salvador, Panama), 4320, 4340 (Chile), 4370 (Venezuela, Aruba, Bonaire, Curaçao) 4380 (Venezuela), 5510 (AZ, USA), 5630 (NE, USA), 7000 (Puerto Rico), 7150 (NY, USA) 7300 (PA, USA), 7330 (PA, USA) 7470 (NJ,
USA), 7490 (NJ, USA), 7500 (NJ, USA), 7530 (WV, USA), 7550 (WV, USA), 7640 (NJ, USA) and 7810 (Canada/US), have less than 1,300 members and requests the current and incoming district leadership to make every effort to increase their focus on membership development and growth;

12. noting that individual RI directors have the authority to reallocate funding received for the regional membership plan budget and that a redistricting plan for the six districts in Zone 7B will be submitted for discussion at its June 2013 meeting, does not approve the additional funding request to hold a districting and membership revitalization meeting.

121. Communications Committee Report

Statement: The Communications Committee met on 5–7 September 2012 in Evanston, Illinois, USA to address previous Board requests as follows:

Decision 134, September 2011: general secretary to report on development of a long-term RI communications strategy;

The committee also discussed the initiative for strengthening Rotary’s brand, the progress of the rotary.org website redesign, Future Vision, an update on PR Grants, Council on Legislation resolutions related to communications, and the status on the One Rotary Center new visitors center, among other topics.

DECISION: The Board

1. thanks the Communications Committee for the update on the development of a communications plan to be completed by December 2012 and reviewed by the committee in early 2013;

2. agrees that the communications plan should include sub-plans for the implementation of major initiatives, including End Polio Now, Future Vision, strengthening Rotary’s brand, the website redesign, and other initiatives;

3. acknowledging that Rotary began the eradication effort in 1979, agrees that Rotary should take an immediate leadership role, in coordination with our major partners, in developing a plan to celebrate the end of polio and requests the general secretary to explore various initiatives, such as producing a documentary on the history of polio eradication, holding a health summit, pursuing cause marketing, and exploring the concept of organizing a simulcast of the announcement, for report to the Communications and the International PolioPlus Committees;

4. accepts the proposed criteria for Global Outlook reimbursement and asks the general secretary to determine which regional magazines qualify;

5. grants a license to the Russian magazine, Rotarianets, through calendar year 2013;

6. supports Council Enactment 13-119 to allow clubs not located in the United States or Canada to decide if the Rotary magazine will be distributed as a print publication or through the Internet where available;

7. requests the Communications Committee to oversee the development of a new Rotary anthem in accordance with Board decision 296, May 2012, and agrees that such anthem must be international in nature;

8. notes the Communications Committee’s request to further discuss the Award for Service and looks forward to its report at the Board’s June 2013 meeting.

122. Report of Working Group to Strengthen Rotary’s Brand

Statement: The Working Group to Strengthen Rotary’s Brand met on 28–30 August 2012 in Evanston Illinois, USA. The group discussed the essential principles of branding, the branding initiative’s budget and spending to date, the theory behind what makes a brand successful, key trends in the not-for-profit sector, other brand-strengthening initiatives by large not-for-profit organizations, and the possible components of a brand strengthening strategy tailored just for RI. The working
group noted that it was unfunded and suggested that the Board consider approving a budget for it to continue to meet in 2012–13.

**DECISION:** The Board

1. receives the report from the Working Group to Strengthen Rotary’s Brand and concurs with the proposed work plan and the proposal to begin validation research;

2. notes that the working group is unbudgeted and appreciates their efforts to minimize costs by scheduling most meetings in conjunction with other Rotary events at which directors and trustees will already be present;

3. approves a 2012–13 budget variance of US$48,895 for the working group’s expenses through 30 June 2013;

4. establishes the working group as a committee pursuant to RI Bylaws section 16.010.

**123. RI Privacy Policy**

**Statement:** In decision 223, January 2012, the Board requested the general secretary to review and revise the RI privacy policy consistent with the RI’s social business strategy as approved by the Board in the same decision. The general secretary presented the basic outline of the RI privacy policy and noted that a fully revised policy would be ready for the Board’s review at its June 2013 meeting.

**DECISION:** The Board receives the general secretary’s report and looks forward to receiving suggested revisions to the RI Privacy Policy at its June 2013 meeting.

**124. RI Representatives to the United Nations and Other Organizations**

**Statement:** As a leading non-governmental organization, RI maintains a long-standing relationship with the United Nations and other international organizations. These key relationships help RI maintain a strong public image. Noting that the Board last reviewed RI’s representatives to the UN and other organizations in 2007, the general secretary suggested that the Board reconfirm this representation and consider expanding the RI representative network to additional organizations.

**DECISION:** The Board

1. agrees that RI’s liaisons with the United Nations and other organizations are a vital part of Rotary’s public relations outreach and provide sustained and increased recognition to Rotary as a distinguished, effective organization working toward common humanitarian goals;

The general secretary reported that RITS had successfully completed a major overhaul to its operating structure by replacing the travel management firm it uses from American Express to BCD. RITS also initiated a new automated airfare booking tool for use by RI staff and some volunteers, a new database management system, and a travel payment reconciliation tool.

**DECISION:** The Board receives the general secretary’s annual report on the RI Travel Service.

### 128. Possible Travel Policy Amendment

15. Modification of District Boundaries – Transfer of Clubs (Rotary Club of Ribe, Denmark)

Statement: The Rotary Club of Ribe, Denmark, requested a transfer from District 1460 to District 1450, both in Zone 16. The club stated the following reason for its request: Cooperation with the five neighbor clubs in the area is difficult as these belong to District 1450 whereas the Rotary Club of Ribe is the only one that belongs to District 1460. Governor Carl Adolph of District 1460 and Governor Thomas Locht of District 1450 both agreed to the transfer.

As a result of this transfer, the new boundary descriptions for the two districts would be:

**District 1450**
DENMARK—That portion including the county of Ringkøbing, the county of Ribe except the commune of Vejen, that portion of the county of Århus south of the northern boundaries of the communes of Hammel, Hinnerup and Århus, including the island of Samsø, and that portion of the county of Vejle north of the northern boundaries of the communes of Egtved and Vejle.

**District 1460**

Statement: The Rotary Club of Piet Retief, South Africa, requested a transfer from District 9270 to District 9400, both in Zone 20A. The club stated the following reason for its request: The club is in an isolated location in its current district, and a move would allow it to be better administered in its new district. In addition, the move would allow the district boundary to straighten and coincide with the provincial boundary line. Governor
Robert Gilligan of District 9270 and Governor Anton Meerkotter of District 9400 both agreed to the transfer.

As a result of this transfer, the new boundary descriptions for the two districts would be:

**District 9270**
SOUTH AFRICA—In the Eastern Cape the magisterial districts of Butterworth and Mthatha; and the province of KwaZulu-Natal.

**District 9400**
BOTSWANA; MOZAMBIQUE—the area south of the Save River; SOUTH AFRICA – the Limpopo Province, the Mpumalanga Province, the Gauteng Province, the North-West Province excluding the Municipality of Matlosana and the Municipality of Tlokwe; SWAZILAND.

Revenue District SAS Nagar had been a part of District 3080.

As a result of this transfer, the new boundary descriptions for the two districts would be:

**District 3080**

**District 3090**

**Statement:** The Rotary Club of Grand Bourg, Bs. As., Argentina, requested a transfer from District 4825 to District 4855, both in Zone 23. The club stated the following reason in support of its request: The club had originally been admitted to District 4855 but due to districting matters in 2009, were transferred to District 4825. The club felt it had better relations with District 4855. Governor Susana Bengochea of District 4825 and Governor Carlos Drubi of District 4855 both agreed to the transfer. The population of Livingston County is close-knit with many of the families in the county having been there for several generations. The schedule of activity shall be developed by the host district, primarily comprised of people-to-people interactions and service work supporting one or more of The Rotary Foundation’s six areas of focus, vocational service (such as professional development and leadership training), and/or local activities involving New Generations activities. The host district shall arrange for the hosting of participants and provide local transportation. Districts shall utilize screening procedures to identify suitable hosting arrangements.

Districts are encouraged to establish agreements with their exchange partners to set expectations concerning the logistics of the exchange, participant selection and orientation, funding and participant expenses, and the service activities in which the participants will participate.

New Generations Service Exchanges need not be reciprocal.

41.060. Youth Exchange
Youth Exchange is a structured program of Rotary International, adopted by the Board in 1974.

The Rotary Youth Exchange program provides young people with the opportunity to meet individuals from other countries, experience new cultures and to learn first hand about all aspects of life in another country. Host clubs, host families, and entire communities are enriched by extended, friendly contact with someone from a different culture. The program instills in young people the concept of international understanding and goodwill.

The Board of Directors of Rotary International has established policies to assist clubs and districts in implementing Youth Exchange activities effectively and responsibly. These policies pertain to all types of exchanges, including Long-term, and Short-term, and New Generations exchanges unless otherwise indicated.

41.060.2. District Certification Program
The general secretary shall administer and maintain a district certification program. All club and district Youth Exchange programs shall comply with RI youth protection policies and other requirements set forth by the general secretary in order to be certified. In order to participate in the Youth Exchange program a district must be certified by the general secretary.

The certification process requires all district Youth Exchange programs to provide RI with evidence that they have adopted the certification requirements in their Long-term and Short-term exchange programs (including any tours or camps).

41.060.6. Types of Exchanges
The Youth Exchange program includes three two distinct program types:

A. Long-term Exchange Program
These exchanges are open to students aged 15 to 19 years old, though may extend beyond 19 years of age with the agreement of partner districts and clubs, in accordance with local laws. Long-term exchanges should be for one academic year but may be extended to
include part or all of the holiday periods immediately preceding and immediately following the academic year. During this time the student lives with more than one family in the host country and is required to attend school in the host country.

B. Short-term Exchange Program
These exchanges are open to students aged 15 to 19 years old, though may extend beyond 19 years of age with the agreement of partner districts and clubs, in accordance with local laws. The length of the exchange varies from several days to several weeks. They often take place when school is not in session and usually do not include an academic program. Short-term exchanges generally involve a homestay experience with a family in the host country, but may be organized as international youth camps or tours that bring together students from many countries.

C. New Generations Exchange Program
Young adults aged 18 to 25 years old may participate in a New Generations exchange which lasts between three weeks and three months. These exchanges may be organized for individuals or groups and may include a vocational element.

The schedule of activity for the visitors shall be people-to-people contact related to Rotary activities, for goodwill and understanding and for better cultural education and exposure.

The host district may home host participants and provide local transportation.

41.060.7. Eligibility
Participants in the Long-term and Short-term programs should be between the ages of 15 and 19 at the beginning of the exchange and participants in the New Generations Exchange program should be between the ages of 18 and 25 at the beginning of the exchange unless the laws and regulations of a specific country deem otherwise, or an older different age range is mutually agreed upon by the participating clubs or districts.

41.060.9. Selection and Placement
Selection procedures should occur in a similarly thorough manner for all exchange types programs: Long-term, Short-term, and New Generations exchanges.

The sending district is responsible for ensuring that each student is accepted and hosted by a club in a partner district. Districts are urged to utilize agreements with their exchange partners to establish Short-term, Long-term, and New Generations exchange activities to ensure that all expectations of the exchange relationship are met, such as certification of exchange partners, logistics, and student selection and orientation.

41.060.23. Involvement by Persons With Disabilities
The Board encourages the involvement of people with disabilities in Youth Exchange programs and other youth projects where and when this is possible and agreed upon between the sending and host clubs or districts.

The Board recommends that governors appoint one member of their district Youth Exchange committee to be responsible for encouraging and aiding in the participation of people with disabilities in Long-term and Short-term, and New Generations exchanges.

- Serve as a vital link between the Secretariat and the Rotarians in their assigned regions
- The Rotary coordinators are resource persons for the district governors, and they shall obtain approval of the district governors before working with clubs in their respective districts.

The Rotary coordinators also will confer and cooperate with the RI director, the regional Rotary Foundation coordinator (RRFC), and the Rotary public image coordinator (RPIC) for their assigned regions with the goal of enhancing both RI and TRF through the strengthening of clubs and districts. They have equal rank and status as the RRFCs and the RPICs and should work cooperatively together on an equal basis. The Rotary coordinators, RRFCs, and RPICs should confer with the RI director for their respective regions as a key planning team in which the RI director is the leader and chair of the team.

26.060.3. Number and Regions
The Rotary coordinators are to be 41 highly talented Rotarians who serve as RI representatives to the districts in their respective regions with at least one such representative in each of the 34 Rotary zones. Their assigned regions are to be aligned and congruent with the 41 regions assigned to the regional Rotary Foundation coordinators by the Trustees.
26.060.4. **Rotary Coordinator Institute**

All Rotary coordinators will receive annually appropriate orientation and instruction. Training for Rotary coordinators may be held in conjunction with training of the other coordinator roles. Rotary public image coordinators, and regional Rotary Foundation coordinators will consist of three days training for Rotary coordinators and Rotary public image coordinators, a day of joint training for all three groups, and three days of training for the regional Rotary Foundation coordinators.

RI REPRESENTATIVE NETWORK
(Decision 124)

European Union (EU)
Summary
The European Union is an economic and quasi-political union or confederation of member states which are located primarily in Europe. The EU operates through a system of supranational independent institutions and intergovernmental negotiated decisions by the member states. Important institutions of the EU include the European Commission, the Council of the European Union, the European Council, the Court of Justice of the European Union, and the European Central Bank. The European Parliament is elected every five years by EU citizens. With a combined population of over 500 million inhabitants, or 7.3% of the world population, the EU, in 2011, generated a nominal GDP of 17.6 trillion US dollars (larger than any single country in the world), representing approx. 20% of the global GDP when measured in terms of purchasing power parity.

The European Commission’s Humanitarian Aid Office (ECHO) provides humanitarian aid from the EU to developing countries. In 2006 its budget amounted to €671 million, 48% of which went to the African, Caribbean and Pacific countries.[124] Counting the EU’s own contributions and those of its member states together, the EU is the largest aid donor in the world.

Role of NGOs/CSOs
The European Commission is obliged under the EU treaties to consult widely with citizens of Europe before proposing legislation, and that creates good opportunities for NGOs to get their message across to Europe’s decision makers. In order to fulfill its duty effectively the Commission consults with interested parties like NGOs on a regular basis, and as early as possible when it plans to develop new policies or bring legislative proposals to the Parliament and Council. The Commission maintains an official registry of “interest representatives.”

League of Arab States
Summary
The League of Arab States or as it is more commonly known, the Arab League, is a regional organization of Arab states in North and Northeast Africa, and Southwest Asia (Middle East). The main goal of the league is to "draw closer the relations between member States and co-ordinate collaboration between them, to safeguard their independence and sovereignty, and to consider in a general way the affairs and interests of the Arab countries."

Through institutions such as the Arab League Educational, Cultural and Scientific Organization (ALECSO) and the Economic and Social Council of the Arab League's Council of Arab Economic Unity (CAEU), the Arab League facilitates political, economic, cultural, scientific and social programs designed to promote the interests of the Arab world. The Arab League has played a role in shaping school curricula, advancing the role of women in the Arab societies, promoting child welfare, encouraging youth and sports programs, preserving Arab cultural heritage, and fostering cultural exchanges between the member states. Literacy campaigns have been launched, intellectual works reproduced, and modern technical terminology is translated for the use within member states. The league encourages measures against crime and drug abuse, and deals with labor issues—particularly among the emigrant Arab workforce.

Organization for Economic Cooperation and Development (OECD)
Summary
The Organization for Economic Co-operation and Development (OECD) is an international economic organization of 34 countries founded in 1961 to stimulate economic progress and world trade. It is a forum of countries committed to democracy and the market economy, providing a platform to compare policy experiences, seek answers to common problems, identify good practices, and co-ordinate domestic and international policies of its members. Most OECD members are high-income economies with a "very high" Human Development Index (HDI) and are regarded as developed countries.

The OECD’s mandate covers economic, environmental, and social issues. It acts by peer pressure to improve policy and implement "soft law"—non-binding instruments that can occasionally lead to binding treaties. In this work, the OECD cooperates with businesses, trade unions and other representatives of civil society.
Role of NGOs/CSOs
The OECD has been working with civil society since it was founded. Since then the size, scope, and capacity of civil society has increased dramatically. The OECD’s engagement with civil society has expanded too, and both parties to this dialogue benefit: the public’s interest in globalization is taken into account in the OECD’s work, and OECD analysis is stronger when they include the perspectives of CSOs. Many OECD directorates hold regular consultations with civil society on developing or reviewing OECD work. Additionally Fora and workshops (including the OECD Forum) are convened at the OECD and around the world to elicit stakeholders’—including civil society—opinions.

Commonwealth of Nations
Summary
The Commonwealth of Nations, normally referred to as the Commonwealth and formerly known as the British Commonwealth, is an intergovernmental organization of 54 independent member states. All members except Mozambique and Rwanda were part of the British Empire, out of which the Commonwealth developed. The member states cooperate within a framework of common values and goals, as outlined in the Singapore Declaration. These include the promotion of democracy, human rights, good governance, the rule of law, individual liberty, egalitarianism, free trade, multilateralism and world peace.

Role of NGOs/CSOs
The Commonwealth Secretariat welcomes, encourages and values participation in all its program areas by effective civil society organizations with relevant expertise and experience. This can vary from participating in ministerial meetings or election monitoring, to contributing to activities on fair trade agreements or increasing women’s representation in parliament.

NOTE: Two of the three remaining polio endemic countries are Commonwealth members
