67. Russia Regional Magazine Provisional License

Statement: Since 2014 District 2220 (Russian Federation) has not been supported by a regional magazine. The Communications Committee met via teleconference on 4 September 2018 to review a new magazine license request from the district. The committee reported that the magazine had been thoroughly vetted, completed all necessary licensing documentation, and had worked with the general secretary and district leadership to create the magazine in accordance with policy.

DECISION: The Board grants a two-year, provisional license to District 2220 (Russian Federation) to become District 2223 on 1 July 2019 to publish a Russian language magazine, Rotary Russia/Rotarianets.
68. Rotary Regional Magazine Policy Amendment

Statement: The Communications Committee recommended the Board amend its policy regarding Rotary’s regional magazines to provide for flexibility in the naming of the media group.

DECISION: The Board amends the Rotary Code of Policies regarding the Rotary regional magazines as follows:

51.020. Rotary Regional Magazines
Further to Article 22.010. of the RI Bylaws, “official magazine” shall be defined as The Rotarian magazine, together with the licensed regional magazines of the Rotary World Magazine Press. “Rotary World Magazine Press” (“RWMP”) shall be defined as The Rotarian magazine, together with the licensed regional magazines group. 71. Rotary Exchange Rates

Statement: The Finance Committee recommended that the Board allow for greater flexibility in establishing Rotary’s official exchange rates to be in accordance with US generally accepted accounting principles.

DECISION: The Board amends Rotary Code of Policies section 60.030.2. regarding the Rotary exchange rates as follows:

66.030.2. Rotary Exchange Rates for Payments to RI

Regarding the translation of non-US dollar denominated transaction into US dollars. The audited financial statements of Rotary International present the consolidated financial impact of the activities undertaken by the organization on a global basis. Because Rotary operates in different economic and currency environments, some transactions must be converted from the currency in which they took place to Rotary’s base currency for financial reporting, which is US dollars. Rotary adopts the following policy with regard to the translation of non-US dollar denominated transactions into US dollars.
1. Rotary International will establish and post the Rotary Exchange Rates for foreign currency translation on a monthly basis with enough time to appropriately communicate to Rotarians and internal users of these exchange rates.

2. The exchange rates will be compliant with US Generally Accepted Accounting Principles.

3. The exchange rates will be sufficiently accurate to provide a clear picture of the operations.

4. The general secretary, through delegation to the chief financial officer, will be responsible for maintaining a procedure for the calculation and reporting of the exchange rates.

5. The Finance Committee will from time to time review the procedure.

APPENDIX C

PROPOSED POSITION STATEMENT REGARDING TAX STATUS
OF ROTARY INTERNATIONAL
(Decision 32)

PROPOSED POSITION STATEMENT 19-

To authorize the RI Board to take appropriate action to change Rotary International’s tax status

Proposer(s): Board of Directors of RI

WHEREAS, through this Proposed Position Statement, the RI Board is seeking authority and direction from the 2019 Council on Legislation on behalf of the membership of Rotary International to take necessary and appropriate action to change Rotary International’s tax status and thereby obtain substantial benefits for the association.

WHEREAS, Rotary International is incorporated in the state of Illinois, USA as a not for profit corporation and is exempt from federal income taxes in the U.S. under Section 501(c)(4) of the U.S. Internal Revenue Code.

WHEREAS, Rotary International would gain substantial benefits if it was instead exempt under Section 501(c)(3) of the Internal Revenue Code, including:

a) Savings from vendors who provide discounts to Section 501(c)(3) organizations - potentially more than US$400,000 annually.

b) Reductions in various taxes – up to US$275,000 annually.

c) A potential increase in sponsorship/funding partnership opportunities.

d) A potential increase in obtaining funding through Corporate Social Responsibility programs.

WHEREAS, these cost savings and increased revenue opportunities would serve to reduce future per capita dues increases.

WHEREAS, in November 2016, the RI Board established a corporation in the state of Illinois named “Rotary International Holdings, NFP” that has no assets and no operations.

WHEREAS, Rotary International Holdings, NFP applied to the U.S. Internal Revenue Service for tax exempt status under Section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Service was informed that if Rotary International Holdings, NFP received Section 501(c)(3) exempt status, then, with approval of the 2019 Council on Legislation, Rotary International and Rotary International Holdings, NFP would be merged. The merged corporation would be known as Rotary International and would operate and be governed in exactly the same manner as Rotary International is currently.

WHEREAS, the Internal Revenue Service granted the exemption in August 2017.

WHEREAS, through this proposed Position Statement, the RI Board is seeking authority and direction of the 2019 Council on Legislation on behalf of the member clubs to take all appropriate action to merge Rotary International with Rotary International Holdings, NFP.

WHEREAS, clubs and districts in the United States are currently automatically tax exempt under a Group Exemption under Section 501(c)(4). This proposal will not change that. The U.S. clubs and districts will remain exempt under a Group Exemption under Section 501(c)(4). RI has applied to the Internal Revenue Service to continue that Group Exemption and is awaiting approval. If the approval is not granted, the process for converting RI to a Section 501(c)(3) organization will be halted.

WHEREAS, this change in the tax status of RI will not change the role of The Rotary Foundation as the primary charitable global fundraising vehicle of Rotary.

IT IS THE POSITION of the 2019 Council on Legislation that the RI Board is authorized and directed to take all necessary and appropriate actions to convert Rotary International into a tax exempt organization under Section 501(c)(3) of the U.S. Internal Revenue Code, including merging Rotary International into Rotary International Holdings, NFP. However, the RI Board is directed not to take such action in the event that the application to the U.S. Internal Revenue Service to continue the Group Exemption for U.S. clubs and districts is not granted.

APPENDIX H

THE ROTARY STRATEGIC PLAN—FIRST-YEAR INITIATIVES
(Decision 46)

Rotaract
In the 2019–20 Rotary year, the first year under the new strategic plan, Rotary will have fully researched Rotaract as a more robust channel into the Rotary experience. Insights into who Rotaractors are and what products and services they’re interested in will be gathered. Additionally, a list of potential offerings that Rotary can provide to Rotaractors will be identified and testing will begin.

Area of Focus Modifications
In the current Rotary year, the Trustees with assistance from the Area of Focus Evaluation Committee, will be considering any potential changes to the Areas of Focus. This is the first time the areas of focus have been evaluated since the rollout of Future Vision in 2010. The evaluation data will help determine whether changes to the Areas of Focus should be made. In the event that the Trustees take any action to create, subtract or significantly modify any of the Areas of Focus, an initiative will be undertaken to carry out such changes.

Governance
An analysis of opportunities for streamlining the governance structure of Rotary is underway during this Rotary year, which will carry forward into the next Rotary year. The Operations Review Committee has been tasked with reviewing and providing a report to the Board in April 2019 on the following issues: committee structure and processes, the power of the president, and the duties, term and selection process for directors. Similarly, a new committee, Shaping Rotary’s Future, will provide a report to the Board by April 2020 addressing the following issues: regional leader structure, volunteer leadership layers between directors and the districts, and the number and size of districts and the duties of governors. Follow up action will be undertaken based on any actions decided by the Board of Directors in response to these reports.

Business Process Review
The secretariat will carry out a system wide review of all major business processes within the organization to assure efficient allocation of resources and alignment of those resources with the new strategic plan for the organization.

Global Membership
By 2019–20 Rotary will have developed a business case that will include the product vision, value proposition, customer segment and cost structure, including operations and revenue for a new global membership model. Additionally, Rotary will begin the development of an initial global membership product offering that will include the key activities, resources, and partners required to deliver the product to market.

Programs of Scale
In 2018, Rotary commissioned research to learn about larger scale Rotary projects in the field and determine what is working and how to replicate more of these high impact projects. Based on the initial findings, the general secretary has proposed to the Trustees a model to support this high-impact work. Assuming Trustees move forward on this new grant model, an initiative will be undertaken to launch this grant model and further develop the grant requirements and the monitoring and evaluation approaches that are most appropriate to adequately support and drive measurable impact.

Members who are retired shall not be included in the total number of members in a classification. The classification of a transferring or former member of a club, or a Rotaractor or Rotary alumnus as defined by the board, shall not preclude election to active membership even if the election results in club membership temporarily exceeding the classification limits. Potential members of a club who have debts to another club are ineligible for membership. The classification shall be that which describes the principal and recognized activity of the firm, company, or institution with which the member is connected or that which describes the member’s principal and recognized business or professional activity or that which describes the nature of the member’s community service activity. The board may adjust a member’s classification if the member changes positions, professions, or occupations.

(b) Correction or Adjustment. If the circumstances warrant, the board may correct or adjust the classification of any member. Notice of a proposed correction or adjustment shall be provided to the member and the member shall be allowed a hearing thereon.

Section 2 — Limitations This club shall not elect a person to active membership from a classification if the club already has five or more members from that classification, unless the club has more than 50 members, in which case, the club may elect a person to active membership in a classification so long as it will not result in the classification making up more than 10 percent of the club’s active membership. (b) How to Rejoin. When the membership of a member has terminated as provided in subsection (a) of this section, such person, provided such person’s membership was in good standing at the time of termination, may make new application for membership, under the same or another class-
Section 3 — Termination – Non-payment of Dues.

(b) Reinstatement. The board may reinstate the former member to membership upon the former member’s petition and payment of all indebtedness to this club. However, no former member may be reinstated to active membership if the former member’s classification is in conflict with article 11, section 2.

Section 5 — Termination – Other Causes.

(c) Filling Classification. When the board has terminated the membership of a member as provided for in this section, this club shall not elect a new member under the former member’s classification until the time for hearing any appeal has expired and the decision of this club or of the arbitrators has been announced. However, this provision shall not apply if, by election of a new member, the number of members under the said classification would remain within provided limitations even if the board’s decision regarding termination is reversed.

(PURPOSE AND EFFECT)

This proposal seeks to update the language of the constitutional documents regarding classification and to enhance the concept of membership diversity. This proposal adds the word “occupation” to reflect that some members may have an occupation that is different than a “profession.” It also eliminates the current classification limitations. These changes would allow clubs to remain flexible in their membership composition.

PROPOSED ENACTMENT 19-

To change the name of the General Surplus Fund to the RI Reserve

Proposer(s): Board of Directors of RI

The board shall report to the next convention as to the special conditions under which expenditures have been made from the surplus reserve. The board shall at no time incur an indebtedness in excess of the then net assets of RI.

Full details of the excess expenditure and the circumstances leading thereto shall be reported by the president to all officers of RI within 60 days and to the next convention.

Minutes of the October 2018 Rotary International Board Meeting

surplus of RI RI reserve at the end of the year, unless otherwise provided by the board.

(End of Text)

PURPOSE AND EFFECT

This enactment updates the RI Bylaws to more appropriately characterize the General Surplus Fund as the RI reserve.

The term ‘reserve’ is a more commonly used term and refers to funds held above and beyond the budgeted needs of the organization to ensure it has sufficient cash flow to meet future foreseen and unforeseen needs.

The current RI Bylaws refer to reserves as a ‘General Surplus Fund’. This is misleading as surplus infers an excess of funds, rather than a reserve required to reduce organization risk. Reserves are in surplus only when they exceed the recommended target.

PROPOSED ENACTMENT 19-

To establish a new target and define the General Surplus Fund

Proposer(s): Board of Directors of RI

To amend the BYLAWS of Rotary International as follows (page 78 MOP)

Article 18 Fiscal Matters

18.050. Budget.

18.050.6. Expenditures in Excess of Anticipated Revenue; General Surplus Fund.

Notwithstanding the provisions of section 18.050.4., if at any time the general surplus fund is greater than 65 percent of the highest level of annual expenses during the most recent three-year period, excluding expenditures funded from the general surplus fund and the self-financing expenditures on for the annual convention and the council on legislation, the board, by a three-quarters vote, may authorize the expenditure of amounts in excess of anticipated revenues, provided, however, that such expenditure would not cause the general surplus fund to decrease below 100 percent of such 65 percent level. Full details of the excess expenditure and the circumstances leading thereto shall be reported by the president to all officers of RI within 60 days and to the next convention. The general surplus fund shall be defined as RI’s cash and investments, excluding funds held in restricted currencies, funds restricted for a specific purpose by the bylaws or the board and funds necessary for RI’s daily operations.

(End of Text)

PURPOSE AND EFFECT

The RI Board seeks to modernize RI’s policy for reserves to meet future foreseen and unforeseen events, in accordance with principles of good governance. The RI Board consulted third-party experts on establishing an appropriate level (or target) for reserves in accordance with principles of good governance.

The RI Board also undertook a study of an appropriate definition of the General Surplus Fund.

The RI Board proposes:

• an appropriate level of reserves is 65 percent of annual operating expenses based on an assessment of business risks
• a definition of the General Surplus Fund to be included in the RI Bylaws

1. Appropriate level of reserves:

Section 18.050.6. of the RI Bylaws specifies the circumstances under which the RI Board may approve a budget in which expenses exceed revenues. Based on an assessment of RI’s business risks, this enactment recommends that the appropriate level of the General Surplus Fund should be 65 percent of annual operating expenses (less the expenses of the RI Convention and the Council on Legislation).

2. Definition of general surplus fund:

The RI Bylaws specify circumstances under which the General Surplus Fund can be used but do not define the general surplus fund. A definition has been added to section 18.050.6. of the RI Bylaws to ensure that the measure of reserves properly reflects funds available for future foreseen and unforeseen events.

Amounts such as operational cash/working capital, funds held in restricted currencies, funds restricted by the RI Bylaws or the RI Board, and intercompany trading balances should be excluded when evaluating reserves.

To provide long-term financial sustainability for RI, the General Surplus Fund should be a reserve of funds that are over and above the operating needs of the organization.

The board shall prescribe the duties and authority of all committees and, except for the standing committees, provide for continuity of committee members from year to year.

Interim Provision Relating to Section 17.010.
Amendments to section 17.010, adopted at the 2019 Council on Legislation pursuant to council enactment 19-75 shall be implemented by the board in a manner it deems appropriate.

(End of Text)

PURPOSE AND EFFECT

The proposed enactment would provide for equal numbers of Rotarian and Rotaractor members on the Rotaract and Interact Committee and provide that a Rotarian and Rotaractor would serve as committee co-chairs. Currently, RI Presidents are encouraged to appoint more than the minimum number of Rotaractors and have appointed a Rotaractor as co-chair of the committee.

The proposed enactment would also remove Interact from the responsibilities of the committee in order to emphasize Rotaract as a membership experience distinct from Interact as a youth program conducted by clubs. The president may appoint an Interact committee, as appropriate. Clubs, districts, and certain senior leaders may bring any items concerning Interact to the Board by petition or through the Council on Resolutions.

**APPENDIX M**

**YOUNG PAST GOVERNORS COMMITTEE PILOT**  
(Decision 65)

**Vision:** Test a model for gaining perspective and ideas from younger professional Rotary leaders with RI Board decisions, on existing Rotary committees, and as a separate committee as a four-year pilot.

The pilot includes three requests for the 2019–20 RI president and future presidents through June 2022.

1. President-elects are requested to consider appointing past governors aged 50 or under to serve on Rotary International committees through 30 June 2022.

2. Presidents-elects are requested to annually appoint six to eight young PDGs to serve on the Young PDG Committee, of which some would be serving on a current Rotary International committee as described above. Young PDGs may serve up to three consecutive years on the Young PDG Committee in alignment with Rotary policy for committees.

3. Presidents-elect are requested to invite a different member of the Young PDG Committee to attend the first three RI Board meetings to advise the Board on its items and discussion topics.

This updated pilot plan focuses maximizing input from young past governors to the RI Board. Additionally, it provides integration of young leadership ideas into the existing Rotary committee structure and an opportunity for cross-fertilization of ideas from existing Rotary International committees with a separate Young PDG Committee.

**Problem Statement:** Without having the insights of younger professionals when considering new ideas and making strategic decisions, the RI Board may not always make decisions that help attract younger audiences into membership and younger Rotarians into Rotary leadership positions.

Rotary events also need to showcase younger Rotarians in leadership positions. Rotary’s younger members want to see people that look like themselves when top Rotary leaders are showcased at Rotary events. Placing younger Rotarians in leadership positions at Rotary events would help inspire young Rotarians’ interest in serving Rotary at its highest levels.

**Pilot Timeline:** 1 July 2018 – 30 June 2022

**Success Measures:** The following success measures are dynamic and may be adjusted by the Board as needed during the pilot period.

**Year 1**  
**Leadership:** 1% decrease in average age of district governors-elect.  
**Membership:** 1% increase in number of reported younger professionals joining Rotary.  
**Public Image:** 1% increase in reported interest of younger professionals to join Rotary and submit their names for leadership roles in Rotary.

**Year 2**  
**Leadership:** 1.5% decrease in average age of district governors-elect.  
**Membership:** 1.5% increase in number of reported younger professionals joining Rotary.  
**Public Image:** 1.5% increase in reported interest of younger professionals to join Rotary and submit their names for leadership roles in Rotary.

**Year 3**  
**Leadership:** 2% decrease in average age of district governors-elect.  
**Membership:** 2% increase in number of reported younger professionals joining Rotary.  
**Public Image:** 2% increase in reported interest of younger professionals to join Rotary

**Year 4**  
**Leadership:** 2.5% decrease in average age of district governors-elect.  
**Membership:** 2.5% increase in number of reported younger professionals joining Rotary.  
**Public Image:** 2.5% increase in reported interest of younger professionals to join Rotary and submit their names for leadership roles in Rotary.

**Governance:** A current director serves as a Board liaison to this committee and attends its meetings.

**Skills Needed:** Collaborative and innovative leadership styles for the past governors serving on Rotary International and the Young PDG Committees along with a progressive and forward-thinking director liaison for the committee.
Incentives: Allowing members of the committee to attend a Board meeting helps ensure that members are fully engaged in meetings and making impactful recommendations to the RI Board.

Resources Needed: Resources needed are primarily financial for the costs of annually sending one committee member to each of the three Board meetings (September-October, January and March-April) for four years.

The costs for incorporating young PDGs into standing committees would be a part of the normal budgeting for committees and would not incur additional costs.
